Business Update - Response to Coronavirus Epidemic

In line with national government instructions, The Sun Inn is **now closed for normal business** activities. This means that we cannot provide our usual food, drinks or accommodation facilities. We do not know how long this restriction will be in place, but we expect it to last for quite some time, probably a few months at least. Hence, in terms of the restaurant and accommodation bookings, we are not taking any more at present and have cancelled existing ones, with refunds as appropriate.

HOWEVER!

We have set up a **small in-house shop and are open** for the sale of a number of the most in demand food, grocery and related items on a daily basis **Monday - Saturday between 10.00 a.m. and 12.00 noon**. Usage of the shop is primarily intended for the benefit of the local community and delivery can be arranged within a reasonable radius if customers are not able to collect. When collecting from the shop, please adhere to the current government guidelines regarding keeping a safe distance from other customers.

Customers are welcome to just drop in as required, but **you may find it helpful to phone in advance to check availability of stock items**. **Examples of the items stocked are shown below**, though the list is not exhaustive and may be subject to change at short notice. In addition, we will try and supply other items if there is sufficient demand.

We will accept phone orders with payment for collection or delivery by arrangement.

We had initially also offered a freshly-cooked food takeaway service. This has had to be suspended for the moment but we hope to reinstate it in the not too distant future. As part of our shop offering, we have bottled beers, wines and soft drinks also available. Any alcohol must be purchased and collected by a person over the age of 18 years.
